Feedback Analysis and Action Taken Report 2021-22

Students' Feedback and Action Taken

Students' feedback is collected via a questionnaire. Student feedback is conveyed to teachers by the principal to improve their performance. Feedback was taken on students' satisfaction level in terms of curriculum design, course content, syllabus covered, educational visit, participation in cultural and other extracurricular activities, teaching methods, subject knowledge of teachers, and use of teaching aids by teachers, etc.

- The feedback was analyzed and it was decided that more career guidance seminars should be conducted for students, students were satisfied with the teacher's performance.
- Teachers are being trained to effectively integrate technology into their lessons to enhance learning and engagement.
- Teachers are encouraged to utilize a variety of teaching aids, including visuals, audio materials, and hands-on activities, to cater to different learning styles and preferences.
- New clubs and activities have been introduced based on student suggestions, catering to a wider range of interests and talents.
- Regular meetings with the principal will provide an opportunity for further communication and ongoing feedback on the action plan.

Teachers Feedback and Action Taken:

Teachers are important stakeholders so their feedback is important to the overall development of the institution. Teachers' feedback is collected in terms of curricula content, syllabi's outcome, and employability of curriculum.

- Organized career planning workshops and mock interviews to help students develop job application and interview skills.
- Encouraged students to take project-based learning opportunities to provide students with practical experience and build their portfolios.

- It is observed that teachers are satisfied with the curricula as it has academic flexibility.

Alumni Feedback and Action Taken

We highly value the feedback from our alumni and appreciate their insights into the effectiveness of our program in preparing them for their careers.

Alumni feedback was collected regarding placement, extracurricular activities, and syllabus relevance. It was decided that companies should be approached for placement of students. Alumni were satisfied with the overall learning environment.

- Conduct seminars on resume writing, cover letter coaching, and job search assistance.
- Recognized and awarded participation in extracurricular activities. Ensured clear and measurable learning objectives for each course unit.
- Encouraged open access to free resources and alternative learning materials
- Fostered a positive and inclusive learning environment through student support services and counseling.

This action plan is a continuous process, and adjustments will be made based on ongoing feedback and evaluation. The school is committed to creating a positive and productive learning environment for all students by actively responding to their needs and suggestions.

Feedback Analysis and Action Taken Report 2020-21

Students' Feedback and Action Taken

Students' feedback is collected via a questionnaire. Student feedback is conveyed to teachers by the principal to improve their performance. Feedback was taken on students' satisfaction level in terms of curriculum design, course content, syllabus covered, educational visit, participation in cultural and other extracurricular activities, teaching methods, subject knowledge of teachers, and use of teaching aids by teachers, etc.

- Based on the feedback received via the questionnaire and communicated by the principal, the following actions have been taken to improve performance in various areas:
- Based on student feedback, teachers were told to make adjustments in the sequence of the syllabus to ensure smoother progression and better understanding of key concepts.
- Teachers were asked to use more practice material and diverse learning methods. Additional exercises, case studies, and online resources have been incorporated during teaching.
- Teachers have been asked to access additional subject-specific resources, including free online resources, reference materials, and professional development courses.

Teachers Feedback and Action Taken:

Teachers' valuable feedback regarding the syllabus's relationship to student employability has been carefully considered. We recognize the importance of providing our students with a curriculum that equips them with the skills and knowledge needed to succeed in the job market. Based on the seven key points raised, the following actions have been taken:

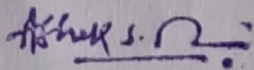

- Teachers' feedback is collected in terms of curricula content, syllabi's outcome, and employability of curriculum.

- Teachers were encouraged the use of case studies, real-world examples, and guest lectures from industry experts to provide students with practical insights.
- It is observed that teachers are satisfied with the curricula as it has academic flexibility.

Alumni Feedback and Action Taken

- Alumni feedback was collected regarding placement, extracurricular activities, and syllabus relevance. It was decided that companies should be approached for placement of students. Alumni were satisfied with the overall learning environment.
- Based on the twelve specific categories of feedback, we have taken the following actions to improve overall student experience and employability:
- Introduced case studies, real-world projects, and guest lectures from industry expert
- Encouraged faculty to incorporate diverse teaching methods catering to different learning styles
- Expanded the range of extracurricular activities offered to cater to diverse interests and skills.
- This action plan serves as a continuous process, and we remain committed to evolving based on future feedback from Students, teachers and alumni. We strive to provide a comprehensive and relevant education that equips graduates with the knowledge, skills, and confidence to succeed in their chosen careers.
