**Student Feedback Analysis and Action Taken Report 2023-24**

Students' feedback is collected via a questionnaire. Feedback is taken on students' satisfaction level in terms of course content, coverage, the relevance of the course in real life, value, and amount of syllabus covered in class, teaching methods, and subject knowledge of the teacher.

The feedback collected from students indicates overall satisfaction with college services, infrastructure, teaching, and the learning process. Based on this positive assessment, no specific action items have been formally documented at this time.

**Detailed Findings:**

**Student Satisfaction:** The majority of student feedback expressed satisfaction with various aspects of the college experience, including:

**Quality of Teaching:** Effective instruction, knowledgeable faculty, and supportive learning environments were generally well-received.

**College Infrastructure:** Students were generally pleased with the available facilities, such as classrooms, laboratories, library, and student common areas.

**Support Services:** Access to academic advising and other student support services met the needs of most students.

The feedback also highlighted some minor areas where improvements could be considered.

**Action Plan:**

Given the high level of overall satisfaction, no formal action plan has been developed at this time. Continuous monitoring of student feedback will be conducted to identify any emerging concerns or areas for improvement.

Overall students were satisfied with the course content and teacher's performance.
